Reviewer's report

Title: Isometric force production parameters during experimental low back pain

Version: 6 Date: 4 February 2005

Reviewer: Jacek Cholewicki

Reviewer's report:

General
The authors revised their manuscript adequately.
-------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------------------------------------------

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
