Reviewer's report

Title: The course of reported pain from different body regions- a longitudinal study

Version: 2 Date: 17 October 2005

Reviewer: Stefan Bergman

Reviewer's report:

General
I am fully satisfied with the changes done and the comments made on two things that I had not fully apprehended.

major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
