Reviewer's report

Title: The course of pain drawings during a 10-week treatment period in patients with acute and sub-acute low back pain

Version: 2 Date: 12 May 2006

Reviewer: Ketan C Pande

Reviewer's report:

General

----------------------------------------------------------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
Acceptable
----------------------------------------------------------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
Acceptable
----------------------------------------------------------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
