Reviewer’s report:

General
i have been through the revised manuscript and feel that the authors have made a sincere effort to address the issues raised by the second reviewer.
i am of the opinion that the manuscript can now be published in the present format.

---------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

---------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
