Reviewer's report

Title: Testing the proficiency in distinguishing locations with elevated plantar pressure within professional groups of foot therapists.

Version: 3 Date: 30 August 2006

Reviewer: Keith Rome

Reviewer's report:

General

The authors have made a substantial effort in responding to all my comments. I am happy with the comments although there are some minor typo errors - change devices to devices.

- Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
