Reviewer's report

Title: The effectiveness of motorized lumbar traction in the management of LBP with lumbo sacral nerve root involvement: A feasibility study.

Version: 3 Date: 30 October 2007

Reviewer: Julie Fritz

Reviewer's report:

General
I am satisfied with the changes the authors have made to this manuscript.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
