Reviewer's report

Title: Adherence to physiotherapy clinical guideline acute ankle injury and determinants of adherence: a cohort study

Version: 3 Date: 9 May 2007

Reviewer: Pierre Durieux

Reviewer's report:

General
The authors responded appropriately to my comments and I have no further comment.

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
