Reviewer's report

Title: A cross sectional study of requests for knee radiographs from primary care

Version: 3 Date: 9 July 2007

Reviewer: Olivier Bruyere

Reviewer's report:

General

The authors have adequately answered my previous comments.

-----------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
