Reviewer's report

Title: Quality Improvement Practices used by Teaching versus Non-Teaching Trauma Centres: Analysis of a Multinational Survey of Adult Trauma Centres in the United States, Canada, Australia, and New Zealand.

Version: 2 Date: 12 November 2014

Reviewer: Sandy Widder

Reviewer's report:

MAJOR COMPULSORY REVISIONS:
The authors have taken the time and have adequately answered the question regarding "comparison of practices between teaching and non-teaching hospitals". Therefore, there are NO major compulsory revisions.

MINOR ESSENTIAL REVISIONS:
The authors have answered as many of the minor essential revision questions as possible. Where they were not able to provide an answer, an addition regarding limitation of the study was added.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
