Title: A bilateral neoplasm in chest: a case report and literature review

Version: 1 Date: 14 April 2014

Reviewer: Mohammad Vaziri

Reviewer's report:

Minor Essential Revisions
1-Abstract: the first and the last sentences in the case presentation section should be corrected and rewritten.
   The second sentence in the conclusion section needs correction.
2-Background: the first sentence should be rewritten correctly.
3-Case Presentation: the word "macroscopically" in the last paragraph should be changed to "microscopically".
4-Conclusion: the last sentence of the third paragraph should be rewritten correctly.
5-References: there are many references that can be omitted as they are unrelated to the main context of this case report (an extra-adrenal myelolipoma)

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
