Reviewer’s report

Title: Complete resection of a giant mediastinal teratoma occupying the entire right hemithorax in a 14-year-old boy

Version: 2 Date: 2 June 2014

Reviewer: Jack Jia

Reviewer’s report:

The case is interesting. I could only raise one point that the references should be updated due to some publications related to your work in recent years.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
