Reviewer's report:

Minor essential revisions:
1. In case presentation (page 3 line 8): "ab estrinseco" should be written in English. do you mean "external compression"
2. page 4 (lines 9 and 10): this phrase "Four weeks after recovery from surgery, the patient underwent bone marrow biopsy for staging lymphoma3 years' is vague and should be corrected. Do you mean for lymphoma staging, what is meant by 3 years.
