Reviewer's report

Title: The Outcome Of Kidney Transplants With Multiple Renal Arteries

Version: 3 Date: 30 January 2004

Reviewer: Bedeir Ali-El-Dein

Reviewer's report:

General
OK

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
OK

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

I suggest adjustment of both figures, so that the horizontal line of the figure will begin by 0 and not by -20.

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

None
