Reviewer's report

Title: A large left ventricular pseudoaneurysm in a case of Behcet’s disease and literature review

Version: 2 Date: 25 April 2005

Reviewer: Cemil Gürün

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing <a href="http://www.ntsearch.com/search.php?q=labels&v=56">labels</a> on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
