Reviewer's report

Title: Abdominal Surgical Site Infections: Incidence and Risk Factors at an Iranian teaching hospital

Version: 3 Date: 31 August 2004

Reviewer: Christopher Hollenbeak

Reviewer's report:

General

None.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None.

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Tables 1 and 2 appear to be repeated at the end of the paper. Please remove.

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No

Declaration of competing interests:

None
