Reviewer’s report

Title: Aneurysm of antecubital vein: an unusual complication of peripheral intravenous cannulation

Version: 3 Date: 12 May 2007

Reviewer: gonçalo sobrinho

Reviewer’s report:

General

----------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

The previous questions were answered and the manuscript altered accordingly. I do not have more issues to address.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
