Reviewer's report

Title: Diagnostic problems between parasitic and non-parasitic splenic cysts

Version: 1 Date: 26 February 2009

Reviewer: Christos Dervenis

Reviewer's report:

This is a nice written paper. My opinion is that it carries interesting information especially for countries with high incidence of parasitic disease.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
