Reviewer's report

Title: A multicenter prospective trial evaluating fetal bovine dermal graft (Xenform(R) Matrix) for pelvic reconstructive surgery

Version: 1 Date: 22 July 2010

Reviewer: Amanda C North

Reviewer's report:

This article uses validated questionnaires to evaluate the efficacy of this novel graft material. The methods are sound. Most patients completed the study and the adverse outcomes are clearly defined.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
