Reviewer's report

Title: The Morbidity of Urethral Stricture Disease among Male Medicare Beneficiaries

Version: 1 Date: 17 September 2009

Reviewer: Alexander Tsivian

Reviewer's report:

A well-written, concise paper, dealing with an important aspect of urethral stricture disease. Sound data analysis and appropriate conclusions with acknowledgment of its methodological limitations.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
