Reviewer’s report

**Title:** In-depth investigation of the molecular pathogenesis of bladder cancer in a unique young patient with extensive multifocal disease: a case-report

**Version:** 1 **Date:** 23 October 2009

**Reviewer:** Noboru Sakamoto

**Reviewer’s report:**

Major Compulsory Revisions: Nothing

Minor Essential Revisions: In the title, 'an unique' may be correct?

Discretionary Revisions: 'young' is unclear. I prefer '... unique 26 years-old case with ...' in the title.

Questions to authors:
Which kind of second antibodies and how strong concentrations did you use in histopathological analysis?

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
I declare that I have no competing interests.
