Reviewer's report:

Minor Essential Revisions:
This is an interesting case report that adds practical lesson to both urologists, oncologists and ophtalmologist.
Please note that "hemi-castration" (page 4 line 4) is not a valid term to describe radical orchiectomy. Please change to left radical orchiectomy.
Please specify serum levels of beta HCG, AFP and LDH pre and post therapy (including last follow up)

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
