Reviewer's report

Title: Pan-urethral stones arising from bladder Diverticulum and its management: case report

Version: 2 Date: 21 December 2011

Reviewer: Subramanian Vaidyanathan

Reviewer's report:

Can the authors please improve the quality of illustrations?
Will the authors re-write the manuscript with the help of a language expert?
Please use simple descriptive terms. For example, "pan urethral stone" appears to be rather confusing.
What is the take home message?

Level of interest: An article of limited interest

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.
