Reviewer’s report

Title: A microbiological evaluation of level of disinfection for flexible cystoscopes protected by disposable endosheaths

Version: 2 Date: 20 July 2013

Reviewer: Eugenio Martorana

Reviewer’s report:

I think that this is a good article. In my opinion the methods are appropriate and well described, data are sound, the manuscript adhere to the relevant standards for reporting and data deposition, the discussion and conclusions are well balanced and adequately supported by the data, the writing is acceptable and references are well reported.

I have 2 Discretionary Revisions:
1. limitations of the work are not clearly marked
2. Pre-and post-cystoscopy urine cultures have not considered. Why? Specify if possible

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
