Reviewer’s report

Title: Is DRE essential for the follow up of prostate cancer patients? A Prospective audit of 194 patients

Version: 1 Date: 9 November 2004

Reviewer: Fernand Labrie

Reviewer’s report:

General

Specific comments:

The question an asked is of practical interest, the method is appropriate and the conclusion logical.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
