Reviewer's report:

General
I have no comments, at least not for the authors. The manuscript looks terrific as is, and so I now strongly recommend publishing it as it is.

----------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
