Reviewer’s report

Title: Endovascular control of Haemorrhagic Urological Emergencies: An observational study

Version: 1 Date: 26 June 2006

Reviewer: Chandra Shekhar Biyani

Reviewer’s report:

General

----------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

1. How these patients were followed? Did they have DMSA? If yes then it would be useful to put these results in the table.

2. There are few typographical errors eg iatrogenically during (iatrogenically during), trans aterial,

3. There are abbreviations in the table. These should be explained.

----------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No
