Reviewer's report

Title: Development and validation of risk score for predicting positive repeat prostate biopsy in patients with a previous negative biopsy in a UK population

Version: 2 Date: 29 May 2009

Reviewer: Satoshi Anai

Reviewer's report:

Because authors have revised the typo in Figure 1 that was indicated last time review, I accepted the revised manuscripts would be published.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing
