Reviewer's report

Title: Solvent effects in permeation assessed in vivo by skin surface biopsy

Version: 2 Date: 19 September 2003

Reviewer: Narayanasamy Kanikkannan

Reviewer's report:

General

The authors' response to this reviewer's comments is satisfactory. In my opinion, the revised manuscript is acceptable for publication in BMC Dermatology.

Discretionary Revisions (which the author can choose to ignore)

None

Minor Compulsory Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

None

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

None

Advice on publication: Accept without revision

Level of interest: A paper of considerable merit and interest in its field

Quality of written English: Acceptable

Declaration of competing interests:

None
