Reviewer's report

Title: Professional Use of the Internet among Saudi Arabian Dermatologists: A Cross-Sectional Survey

Version: 2 Date: 18 September 2009

Reviewer: Olaf G Aasland

Reviewer's report:

The paper has improved considerably.

There is an error in the paragraph under Discussion that starts with "The time spent searching . ." (page 15?), should probably be "52% spent more than 30 minutes".

The Discussion is rather lengthy, could be shortened if need be.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
