Reviewer’s report

Title: Exploratory factor analysis of the Dizziness Handicap Inventory (German version)

Version: 1 Date: 18 January 2010

Reviewer: Nicolas Perez

Reviewer’s report:

There is only one issue that authors did not address. Due to that different authors provide different solutions, wouldn’t it be interesting to use only the "total DHI" and forget domains or subtypes?

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
