Reviewer's report

Title: Coronary artery bypass grafting and sensorineural hearing loss, a cohort study.

Version: 2 Date: 24 May 2005

Reviewer: Peter Weber

Reviewer's report:

General
Consider a statistician to review to make sure that the "N" is large enough to avoid any beta errors.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
NONE

Discretionary Revisions (which the author can choose to ignore)
NONE

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes

Declaration of competing interests:
I have no competing interests
