Reviewer's report

Title: Management Of Difficult Airway In Intratracheal Tumor Surgery: Case Report

Version: 1 Date: 25 April 2005

Reviewer: Dale H Rice

Reviewer's report:

General
This is an important report highlighting the increased use of cardiopulmonary by-pass for certain procedures as well as the major issues involved.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No
