Title: Whether to report diabetes as the underlying cause-of-death? a survey of internists of different sub-specialties

Version: 2 Date: 9 July 2010

Reviewer: Eric Jougla

Reviewer's report:

In this new version of the paper, the authors have answered very carefully to all the remarks that I have done and updated the paper with the main demands of change or evolution. I consider that this new version is adapted for a publication without additional changes.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
