Reviewer's report

**Title:** Reasons given by general practitioners for non-treatment decisions in younger and older patients with newly diagnosed type 2 diabetes mellitus in the United Kingdom: A survey study

**Version:** 3  **Date:** 27 September 2011  
**Reviewer:** Petra Denig

**Reviewer's report:**

The additional clarification/information that all patients were still untreated at the time of the survey solves my major concern. The authors have now sufficiently addressed all points/questions raised.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
