Reviewer's report

Title: Ethnic disparity in 21-hydroxylase gene mutations identified in Pakistani congenital adrenal hyperplasia patients

Version: 2 Date: 18 October 2010

Reviewer: Maria New

Reviewer's report:

1) Discretionary revisions: The authors out of interest should put a pedigree with high consanguinity. The authors should expand a bit on the genotype/phenotype relationship observed in their data.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
