Reviewer's report

Title: The long-term coronary heart disease risk of previously obese patients with type 2 diabetes mellitus

Version: 1 Date: 11 March 2013

Reviewer: Susan van Dieren

Reviewer's report:

Minor essential revisions
1. Please define how Max BMI was measured? And if it was self reported?
2. What was the median duration between maximum BMI and enrollment in the study? Please include this in the paper.
3. Were all participants included in this study diabetes patients? Please clarify this in the paper.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
