Reviewer’s report

Title: Allograft inflammatory factor 1 (AIF-1) is a new human adipokine involved in adipose inflammation in obese women

Version: 4 Date: 11 June 2013

Reviewer: Michiaki Fukui

Reviewer’s report:

The authors have incorrectly quoted our manuscript. Please quote the references as below.

Serum allograft inflammatory factor-1 is a novel marker for diabetic nephropathy.

The serum concentration of allograft inflammatory factor-1 is correlated with metabolic parameters in healthy subjects.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
