Reviewer's report:

Thank you for inviting me to review the amended manuscript entitled "A pilot study: the development of a culturally tailored malaysian diabetes education module My Demo based on the HBM"

The authors have done a good job responding to my previous comments. I am satisfied with their responses.

I only have 1 comment:
What was the fall out rate between pre and post test? Reasons?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
