Reviewer's report

Title: Chromogranin A Is a Reliable Serum Diagnostic Biomarker for Pancreatic Neuroendocrine Tumors but Not for Insulinomas

Version: 3 Date: 12 July 2014

Reviewer: Alexios S Strimpakos

Reviewer's report:

The revised manuscript by Dr. Qiao et al., is much improved and delivers a clear message regarding the role of serum CgA in patients with PNETs.

I believe this improved draft meets the criteria of a quality publication and I have no further comments or suggestions for corrections.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
