The Editors,

Subject: Submission of Original article titled, “Our clinical experiences and success rates of acromegaly treatment: The single center results of 62 patients”

Dear Sir/Ma’am

We are submitting an original article titled, “Our clinical experiences and success rates of acromegaly treatment: The single center results of 62 patients” for consideration for publication in BMC Endocrine Disorders. This clinic work not includes new information about treatments of acromegaly, but we think that it can remind us of the problems in acromegalic patients of the following: Low success rates of treatments, the important of lack of experienced surgeons and the problems in follow-up. We hope that the article will provide contributions to the literature. We hope it will be convenient for the journal, of course any suggestion is welcome. We look forward to hearing from you.

We, Mehtap Evran, Murat Sert and Tamer Tetiker certify that:

- The manuscript is being submitted by me (Mehtap Evran) on behalf of all the authors.
- The manuscript is original work of all authors.
- All authors made a significant contribution to this study.
- This manuscript has not been submitted for publication; it has not been accepted for publication and has not been published in any other journal.
