Reviewer's report

Title: Is annual surveillance of all treated hypothyroid patients necessary?

Version: 3 Date: 19 March 2007

Reviewer: John Henry H Lazarus

Reviewer's report:

I have examined the revised version and note that the authors have substantially altered their paper to comply with the reviewers concerns.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
