Reviewer's report

Title: Training exercise at the aerobic/anaerobic metabolic transition prevents glucose intolerance in neonatal alloxan treated rats

Version: 2 Date: 22 April 2008

Reviewer: Cheng Juei-Tang

Reviewer's report:

Minor Essential Revisions:

1. The details should be given on how to control the exercising overload.

2. Explanation of the chosen exercising intensity suitable for patients with diabetes and obesity should be given.

3. There are errors in the text for correction. The second line on page 2 “0,01 M”, the figure 3 on page 10 “groups A (1043.4 ± 103.1 [F1,26 = 61,97])”, “MSLL” on page 12 and 14 and “AT” on page 13 and figure 4.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
