Reviewer’s report

Title: Insights into the Oral Health Beliefs and Practices of mothers from a north London Orthodox Jewish Community

Version: 2 Date: 13 May 2010

Reviewer: Rosamund Harrison

Reviewer’s report:

Minor essential revisions

A couple of small "typos"; otherwise, the writing is much better and the paper is nicely presented.

Page 4
From the mid 19th century, The North London Orthodox Jewish Community integrated Jews fleeing persecution from Stalinist Russia and Nazi Europe from the mid 19th century.

• Delete final mid 19th century

Page 14
In addition, the consumption of sweets and high sugar food is an international problem and not just a national "one."

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
