Reviewer's report

Title: Factors influencing patients' satisfaction with dental appearance and their desired treatment need to improve aesthetics

Version: 1 Date: 4 November 2010

Reviewer: Leandro Marques

Reviewer's report:

Major Compulsory Revisions:
Authors need to clarify the process of selecting the sample for this study. What criteria are used to ensure representativeness? There was a sample size calculation? How was the randomization? What is the population of patients attended in the period of study?

Minor Essential Revisions:
Results should be presented succinctly
Tables 1 and 2 may be excluded
Conclusions must be rewritten. The limitations of the study and possible extrapolation of results should be presented in discussion

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests
