Reviewer's report

Title: Self-efficacy and self-rated oral health among pregnant Aboriginal Australian women

Version: 2 Date: 20 January 2014

Reviewer: Elsa Delgado

Reviewer's report:

A METHODOLOGICALLY SOUND, INNOVATIVE STUDY.
Minor essential revision

Analytic methods

Why not use the 1-(ln (adjusted OR) / ln (unadjusted OR)) formula when assessing the attenuation effect? (BROTMAN, D. J. 2006. Mediators of the association between mortality risk and socioeconomic status. JAMA, 296, 763-4). Please provide a reference for the calculation of the attenuation effect.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
