Reviewer's report

Title: Preventive oral health practices of school pupils in Southern Nigeria

Version: 2 Date: 18 October 2013

Reviewer: Joyce Rose Masalu

Reviewer's report:

Minor essential revision
Sample size is estimated by using the prevalence of outcome variable (for this study it should be Preventive behavior not dental caries). This comment is not addressed. See sticky notes on your manuscript

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
