Reviewer's report

Title: Dental General Anaesthetic Trends Among Australian Children

Version: 1 Date: 9 November 2006

Reviewer: Sven Poulsen

Reviewer's report:

General
This paper is interesting, the study is well conducted, and the results thoroughly discussed.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
