Reviewer's report

Title: Clinical and socio-behavioral correlates of tooth loss: a study of older adults in Tanzania.

Version: 1 Date: 11 February 2006

Reviewer: raman bedi

Reviewer's report:
An excellent paper providing useful information on a population whose oral health has not been widely reported

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
