Reviewer’s report

**Title:** Signs of oral dryness in relation to salivary flow rate, pH, buffering capacity and dry mouth complaints

**Version:** 1  **Date:** 2 July 2007

**Reviewer:** rafael nagler

**Reviewer’s report:**

General
I would like the paper to be based on a much wider base of salivary compositional research

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

**What next?:** Accept after minor essential revisions

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
