Reviewer's report

Title: Toothache and associated factors in Brazilian adults: a cross-sectional population-based study.

Version: 2 Date: 2 October 2008

Reviewer: Jimmy Steele

Reviewer's report:

From my point of view the major concerns have been addressed. Some of the language will need editorial checking if this progresses to publication.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
